Dear Mr. Hotta,

There was sent to me by the Purser of the "Korea Maru" a case of dried milk (Dryco) and I was informed on the 30th of December at the Toyo Kisen Kaisha office at Yokohama that this case was in the customs house awaiting examination. I do not know how to get it but hope that through your connections with the Customs Office you may be able to obtain an early delivery of it, as it is required for the baby's If it could be delivered to my house in Azabu, I should greatly appreciate it.
