H' 2.2.0.1

ON THE URGENT MOBILIZATION OF THE SO-CALLED SPECIAL MATERIALS.

(1) THE URGENCY

AS EVIDENT FROM THE PRODUCTION STATISTICS OF MCI. FOR APRIL, THE BASIC MATERIALS SUCH AS IRON, STEEL, COAL, CEMENT ETC. DO NOT SHOW ANY INCREASE OF PRODUCTION. THIS SPURS STILL FURTHER THE HOARDING TENDENCY OF THE BUSINESS CIRCLE, WHICH IS, EVEN AT PRESENT, DEFINITELY ONE OF THE MAJOR OBSTACLES IN THE WAY OF THE POSITIVE RESUMPTION OF PRODUCTION ACTIVITIES AND A CAUSE FOR THE INFLATION. ON THE OTHER HAND, THERE EXISTS QUITE A GOOD AMOUNT OF SOME OF THOSE BASIC MATERIALS STILL IDLE IN THE STORAGE WHICH BELONGED TO THE JAP. ARMY AND NAVY, WERE SEIZED AND THEN RETURNED TO THE JAPANESE GOVERNMENT BY THE OCCUPATION FORCES. AND THEIR MOBILIZATION, IN ORDER TO FILL UP THE PRESENT SHORTAGE, IS A MATTER OF URGENT NEED, PARTICULARLY WHEN CONSIDERABLE AMOUNT OF THEM IS REQUIRED BY THE OCCUPATION FORCES FOR THEIR CONSTRUCTION WORKS.

(2) WHY ARE THEY KEPT IDLE IN THE STORAGE?

(A) FIRST OF ALL, THERE ARE NO EXACT FIGURES AVAILABLE OF THE TOTAL QUANTITIES OF THOSE SO-CALLED "SPECIAL GOODS", BECAUSE THEY ARE SCATTERED ALL OVER THE COUNTRY IN NUMEROUS DEPOTS, AND THEIR INVENTORIES WERE MADE UP IN GREAT HASTE JUST AFTER THE END OF THE WAR AND ARE BY NO MEANS ACCURATE, THERE BEING NO UNIFORM QUANTITATIVE UNITS NOR UNIFORM CLASSIFICATION. AS THE RESULT, THERE IS NO ACCURATE STATISTICS AVAILABLE TO SHOW THE EXACT CONTENTS OF ALL STORAGE OR DEPOT, NOR OVER-ALL STATISTIC ABOUT ANY ONE ITEM OF THE REQUIRED MATERIALS. (ALTHOUGH THE HOME MINISTRY HAS LATELY GIVEN INSTRUCTIONS TO THE PREFECTURAL GOVERNORS TO MAKE MORE, ^{OR} LESS THOROUGH REPORTS UPON CERTAIN ITEMS.) THIS FACT IS THE VERY ROOT FOR ALL THE TROUBLES WITH REGARDS TO THE SPECIAL GOODS.

(B) SECONDLY, THOSE SPECIAL GOODS ARE SO SCATTERED THAT PERFECT CUSTODY IS ALMOST IMPOSSIBLE. THERE ARE REPORTED CASES OF THE ARMED-GANGSTERS ATTACKING THE DEPOTS WHICH CANNOT BE GUARDED WITH SUFFICIENT POLICE FORCE. (THE

0162

- 2 -

POLICE FORCE IS LIMITED BY THE SCAP.) MANY OF THE BLACK-MARKET COMMODITIES ARE BELIEVED TO ^{BE} THOSE ILLICITLY TAKEN OUT OF THE DEPOTS BY THOSE GANGS. (MANY OF THEM BEING KOREANS OR FORMOSANS.)

AS THERE IS NO ACCURATE INVENTORY, EVEN IF THE MALICIOUS CUSTODIANS MAY LET A PART OF THEM BE TAKEN AWAY, NO ONE CAN CHECK UP THE ILLICIT OUTFLOW OF THE STORED GOODS. THE RESULT IS THAT, IF THEY ARE LEFT AS THEY ARE NOW, THE STORED GOODS MIGHT DECREASE IN NO SMALL AMOUNT BEFORE THEY ARE FORMALLY TAKEN INTO PROPER CHANNEL AND STORED BY THE LEGITIMATE AUTHORITIES. (THIS APPEARS TO BE ONE OF THE REASONS WHY THE BLACK-MARKETS ARE FLOODED WITH EX-MILITARY GOODS SUCH AS RUBBER BOOTS, SOAP, ETC.)

(C) THE CAUSE OF DELAY IN TAKING DELIVERY OF THE STORED GOODS BY THE MINISTRIES OR PREFECTURAL GOVERNORS, TO WHOM THEY WERE ALLOCATED TEMPORARILY, APPEARS TO BE:

- I. THE REFUSAL OR LIMITATION BY THE OCCUPATION FORCES' LOCAL UNITS TO GIVE THE DELIVERY.
- II. THE SHORTAGE OF TRANSPORT FACILITIES AND THE WORKERS.
- III. SOME OF THE MATERIALS ARE ORIGINALLY FOR THE MILITARY USES AND RATHER UNFIT FOR THE CIVILIAN USES. (USUALLY TOO LARGE OR TOO HEAVY AND NEEDS RECASTING OR RE-PRESSING IN CASE OF CERTAIN IRON OR STEEL GOODS.)
- IV. IN MANY CASES, SOME OF THE RECIPIENTS, THE CONTROL OR DISTRIBUTION ASSOCIATIONS ETC., WHO HAVE RECEIVED THE ALLOCATION ARE INTENTIONALLY DELAYING TO TAKE DELIVERY IN ANTICIPATION OF MORE PROFIT THAT WILL BE GAINED BY THE RISE IN PRICE IN THE NEAR FUTURE.

(3) THE REMEDY.

AS THE REMEDY, IT MIGHT BE SUGGESTED:

- (A) TO FIX A CERTAIN DATE AND LET THE RESPECTIVE AUTHORITIES (INCLUDING THE MINISTRIES

0163

THE MINISTRIES AND THE PREFECTURAL GOVERNMENTS, CONTROL ASSOCIATIONS) TAKE STOCK AND MAKE THE EXACT INVENTORIES.

(b) THIS OUGHT TO BE CARRIED OUT WITH THE FULL SUPPORT BY THE LOCAL TROOP UNITS SO THAT THERE WILL NOT BE MUCH TROUBLE FOR THE ENTRY INTO THE WAREHOUSES AND CHECK-UP OF THE STOCKS. IT WOULD BE ADVISABLE TO CARRY OUT THE JOB IN THE FORM OF U.S.-JAP. JOINT INVESTIGATION.

(c) ALSO, UNIFORM CLASSIFICATION AND UNIFORM QUANTITATIVE UNITS MUST BE SET PRIOR TO THE START OF THE ABOVE INVESTIGATION, IN ORDER TO SECURE THE

~~NECESSITY OF COMPLYING WITH THE RETURN OF THE~~

(d) TO PREVENT THE ILLICIT OUTFLOW OF THE STORED GOODS, THE SMALLER DEPOTS AND DEPOTS IN THE OUT-OF-WAY LOCATIONS SHALL BE TRANSPORTED INTO BIGGER AND SAFER DEPOTS OR DISTRIBUTED RAPIDLY.

FOR THIS PURPOSE:

- I. U.S. ARMY SURPLUS TRUCKS WHICH ARE IN THE FUTURE TO BE SOLD TO THE J.G., BE TURNED OVER TO THE RECIPIENT WITH PROPER QUANTITY OF GASOLINE (WHICH IS MORE VITALLY NEEDED) AND, IF NECESSARY, TEMPORARY LOAN SHOULD BE GIVEN TO THE NEEDY RECIPIENTS.
- II. IN ORDER TO ACCELERATE THE DELIVERY OF THE GOODS TO THE ACTUAL ULTIMATE-CONSUMERS, SOME STEPS SHOULD BE TAKEN. (THE PRESENT SYSTEM APPEARS RATHER SLOW). EVEN IF THEY ARE TAKEN OUT FROM THE DEPOTS, IT WOULD BE NO GOOD WHEN THEY ARE NOT OUT TO THE ACTUAL CONSUMPTION IMMEDIATELY, BUT SIMPLY HOARDED.

(e) ONE REASON OF DELAY LIES DEFINITELY IN THE FACT THAT SOME OF THE GOODS ARE UNFIT FOR THE PRESENT USES AND NEED RECASTING OR RE-PRESSING. FOR THIS PURPOSE, COAL SHORTAGE IS THE BOTTLENECK AGAIN. ONLY IF COAL OR FUEL OIL COULD BE SUPPLIED, THEY MIGHT BE RAPIDLY TURNED TO THE IMMEDIATE USE. THIS WILL STIMULATE THE RECIPIENT TO TAKE DELIVERY.

0164

H'220.1

ON THE ESTIMATE OF THE QUANTITIES OF EX-MILITARY STOCKS, ADEQUATE FOR THE D.H. AND T.H. CONSTRUCTION REQUIREMENTS

1. Ex-military stocks may be classified into the following categories according to their present stage of processing.

(a) Those returned to the Japanese Government and allocated to the Ministries for delivery.

I. Those which have been removed from the storages and consumed or scheduled for immediate consumption.

II. Those that have not yet been removed from the storages.

(b) Those once returned to the Japanese Government but later seized by the Occupation Forces again.

(c) Those never returned to the Japanese Government

2. Of the above categories, it is hoped that those under (a) 1 be exempted from the re-requisition for the construction, (except that portion which has been allocated for that very purpose to the Reconstruction Board (Attachment A))

3. The exact quantity of the construction materials coming under categories (a) 1 and (b) has not yet been ascertained. But, the best possible estimate will be the following.

(a) Attachment B is the result of spot investigation, conducted in the latter part of May by the Reconstruction Board and the Home Ministry, of the major depots in Tokyo-Kanagawa area. (The depots were those described in the Attachment C).

(b) Similar spot investigations are being conducted in Osaka, Kure and Kokura areas and their results will be probably submitted by the 11th instant.

(c) It is estimated that the grand total of the construction materials, (those in the above-mentioned major depots included) will be $2\frac{1}{2}$ of that of the Attachment B.

(d) However, as the quantity available for the DH and TH construction is limited by the specified sizes and standards, the percentages of the availability of various items of Attachment B are estimated to be as described in the Attachment D.

(e)

0165

(3) Thus, the estimated quantity that is described in the Attachment D is arrived by the following formula.

Attachment B x 2 $\frac{1}{2}$ ~~Attachment D~~ x availability percentage

4. Further, a considerable quantity is believed to be stored in the depots coming under (c) of 1. above. It might be helpful to make the spot investigating of those depots in the nearest future. For this purpose, it is hoped that the Japanese investigation parties might be permitted to carry out the necessary check-up of the stocks in those depots.

(建設資材煉瓦輸送に関する件)

横浜港積出の米側供給建設資材煉瓦二〇〇万枚積載の延文丸、四月十五日小樽に入港し右引取方を小樽海運局に命じたるをもつて同局は日通と打ち合せ真駒内ホフマン中尉に連絡したるところ同中尉は同資材の真駒内輸送を日通が担当する様指示があつたから日通は就意従事中等であるが右輸送に対するP・Dの発行もないの支拂方法がつかないから日通としては不安を感じている。ついで第八軍エンジニアセクションに本件承知の真駒内連絡將校、ピーカー中尉が上京中であるから同中尉とも連絡の上右煉瓦輸送に対するP・D発給方然かるべく御取計らいありたい。(了)
