SUBJECT: Japanese Participation in the Ninth Convention of Weights and Measures.  
TO: Japanese Government

1. The French Mission in Japan has requested the Supreme Commander for the Allied Powers to transmit an invitation from the French Government to the Japanese Government to participate in the Ninth General Convention of Weights and Measures to be held in Paris next October. A copy of the memorandum from the French Mission embodying the invitation is enclosed together with a copy of the preliminary program for the Conference.

2. Careful consideration has been given to attendance at the conference by a representative of the Supreme Commander accompanied by a Japanese National as a technical adviser. While some benefit to Japanese industry would undoubtedly result, this Headquarters does not believe that the use of Japan's limited foreign credits for this purpose is sufficiently urgent at this particular time. This information has been conveyed to the French Mission. At the same time, the Mission has been requested to express the appreciation of the Supreme Commander and the Japanese Government to the Director of the International Bureau of Weights and Measures for the invitation.
