2. Recently the following Associated Press news of September 17 has been brought to the notice of the Japanese Government:

"Attorney General Allows More Time for Claims against Japan Bank, Washington September 17. - AP -

U.S. Attorney General J. McGrath Friday announced additional time for the filing of claims against seized assets of three Japanese banks. The claims must be filed with the Office of Alien Property which took over assets of the banks in this country at the outset of the war. The banks are Mitsui Bank Ltd., the Sumitomo Bank Ltd., and the Yokohama Specie Bank Ltd., The original deadline for filing claims against their

seized assets was August 8, 1948. This is now extended to November 18, 1949.

The Justice Department said most of the claimants are Japanese Americans who were held at war re-location centers during hostilities, and that the additional time for filing claims was largely for their benefit."

3. The Japanese Government requests the General Headquarters, Supreme Commander for the Allied Powers, to be good enough to ascertain if there were such facts as were reported by Associated Press Agency and inform the former of the latter's views on the following items.

- (1) In case the time limit of filing claims was extended for the three Japanese banks, it seems possible that so far as their claims against these banks are concerned the same treatment might have been accorded to the claims of such Japanese nationals resident in Japan as are entitled to claiming the return of the vested property in the United States in accordance with the provisions in Subdivisions (C) and (D) of Section 32 of the Trading with the Enemy Act, under amendment (of August 8, 1946) by Public Law 671 to the First War Powers Act of the United States. Is this interpretation correct?
- (2) If the above interpretation is correct, it is the desire of the Japanese Government to notify as soon as possible the persons concerned accordingly, advising them to submit their applications to the Office of Alien Property, Department of Justice by 18 November 1949 and by the same procedure as those followed in the applications submitted by April 30, 1949. Is there any possibility that the Japanese persons concerned are allowed to file claims against the seized assets in other Japanese banks in the United States (Notably the Mitsubishi Bank Ltd.)?

4. According to the Memoranda under reference, an application for return of the vested property in general in the United States may be made, even after April 30, 1949, if it is within two years from the date of vesting of the relative property. However, in view of the fact that the particulars as to the actual dates of vesting of individual properties in the United States are not available here and in consideration of the possibility that some of the relative property might have been seized in less than two years, the Japanese Government deems it appropriate to advise hereafter all applicants to file their claims with the Office of Alien Property following the same procedure as in the past. The Japanese Government would appreciate if the General Headquarters, Supreme Commander

for the Allied Powers, would be so kind as to advise the former if there is any matter to be taken into consideration in this connection.

FOM No. 1184(CRP)

21 October 1949

With the approach of cold weather, the Japanese people feel an increasing concern about the large numbers of their compatriots, who are still left in Manchuria and Siberia, who either as prisoners of war or civilian detainees face a fifth winter of miserable existence under the rigor of frigid climate.

The sorry plight of their families at home are well known. They have waited for four long years, and are still waiting patiently, for the return of their dear ones, which is explicitly promised in the Potsdam Declaration. They are being subjected to indescribable anxieties and apprehensions. Moreover, deprived of the mainstay for livelihood, many of these families are utterly destitute.

Recently over 1,000 Japanese in inner Manchuria have been shipped home from the Port of Dairen, which was accomplished evidently with the cooperation of Soviet authorities. Inasmuch as the responsibility for the disposition of Japanese nationals in Manchuria at the war's end rested with the Soviet forces who first occupied the territory, and inasmuch as it is in the power of Soviet authorities to help repatriate them, if they so desire, as in the present case, it is hoped that the Soviet government will be persuaded to cooperate further toward the return of more Japanese from the Manchuria Zone.

The Japanese government appeals once again to the Supreme Commander for the Allied Powers for assistance, and takes the liberty of requesting him to use his good offices in order to bring about before the advent of winter the repatriation of as many Japanese as possible who are either stranded in Manchuria, or detained in Siberia.

SUBJECT : Information on Destroyer MOCHIZUKI and Mineslayer SHIRATAKA.

FCM No. 1192(LCR)

21 October 1949

1. Reference is made to the following Legal Section's Check Sheets:
  - a. No. 20757 LS-Z, 12 September 1949, subject: Request for Information.
  - b. No. 20868 LS-Z, 13 October 1949, subject as a above.
2. The Ministry of Foreign Affairs has received from the Second Demobilization Bureau Liquidation Division a report on the subject matter to the following effect:
  - a. Trips made by the Mineslayer "SHIRATAKA" from Rabaul to Buin between August 15 and October 15, 1942.
    - (1) According to the relative records kept in the custody of the said Division, she made a round trip between the places mentioned in reference la Check Sheet as follows:

9 September 1942 (time unknown):	Left Rabaul.
11 September 1942 ( " ):	Arrived in Buin.
27 September 1942 ( " ):	Left Buin.
29 September 1942 ( " ):	Arrived in Rabaul.
    - (2) According to investigations conducted of her former crew members, it is likely that she made one or two more round trips other than that mentioned above, but none of them remember the exact number of trips and their dates.
  - b. Trips made by the destroyer "MOCHIZUKI" from Buin to Rekata Bay between August 15 and October 15, 1942.
    - (1) The destroyer "MOCHIZUKI" did not make any trip between Buin and Rekata Bay.
    - (2) The destroyer "YUGURE" seems to have been only one which made the trip in question. The number and dates of the said trips were as follows:

昭和廿四年拾月廿一日

- 2 -

- (a) According to the relative records kept in the custody of the said Division, the "YUGURE" made:

A round trip or round trips from Buin to Rekata Bay from 5 to 6 October, and

A round trip or round trips from Buin to Rekata Bay from 9 to 16 October.

- (b) As it is conceivable that she made more than one round trip during the period from 9 to 16 October, investigation has been conducted of her former crew members; however, none of them remember more on the matter, so that the exact number of such trips can not be given.
- (c) As to the time of departure and arrival, there is no record in the relative documents, nor is there anything in the memories of the persons concerned. However, judging from the results of investigations, her movement is likely to have been as follows:

Left Buin Anchorage before the sunset and arrived in Rekata Bay in the midnight. Having completed the supply works in two or three hours, started on the return trip and arrived in Buin on the following morning.

2. The Ministry of Foreign Affairs has received from the National Rural Police Headquarters a report to the following effect, concerning the inability of the subject person to report for interview:

- a. Investigations made by the Demobilization Bureau reveal that the chief of staff of the Konoe Division in 1941 or 1942 was not OBATA, Eiryo (proper pronunciation of the name is Hideyoshi), but the former Major General OBATA, Nobuyoshi (the above is the proper pronunciation of the name, though it may be pronounced Shinryo), then holding the rank of Colonel. The latter, presumably the designated person, has been detained in the USSR since the end of the war and is not yet repatriated. He was the chief of staff of the Kwantung Defence Army, Mukden, Manchuria, at the time of the Japanese surrender.
- b. OBATA, Hideyoshi, was already a Lieutenant General in 1940, and he was not the chief of staff of the Konoe Division in 1941 or 1942, as has been mentioned above. He was killed in action.

TO : GENERAL HEADQUARTERS, SUPREME COMMANDER FOR THE ALLIED POWERS.  
 FROM : Ministry of Foreign Affairs.  
 SUBJECT: Agency for Giving Approval to Contracts in Connection with Travel of Japanese Technicians Outside Japan.

FOM No. 1249(CG)

27 October 1949

1. Reference: SCAP memorandum, AG 680.2 (25 Aug 48)GA, SCAPIN 2035, 1 August 1949, subject: Travel of Japanese Technicians Outside Japan.
2. In accordance with the reference memorandum, several contracts for the employment of Japanese technicians such as are shown in the attached list, are now already under negotiation between Japanese companies or individual technicians on the one hand and foreign firms or individuals on the other. Some of them are nearly completed and will be presented in the near future, through the Japanese Government, to the General Headquarters, Supreme Commander for the Allied Powers, for its ratification. In the above connection, although it is believed that the question as to which government agency should approve such contracts is one of "the technical operational matters" concerning the implementation of memoranda which may be left to the discretion of the Japanese Government, the Japanese Government wishes to state, for the sake of reference, its views and requests the General Headquarters, Supreme Commander for the Allied Powers, to give its understanding thereto.
3. In Paragraph 4 of the reference memorandum, it is stated: "They (the contracts) will be subject to ratification by the Supreme Commander for the Allied Powers, with the advice of suitable agencies of the Japanese Government." It is further stated in the sample model contract attached to the said memorandum, under 11. VALIDATION: "This instrument shall not become a valid contract unless and until it is approved in writing by the Foreign Exchange Control Board, an agency of the Japanese Government, and is validated by the Supreme Commander for the Allied Powers, or his duly authorized representative," and furthermore in its last page there is a form under "APPROVED FOR: FOREIGN EXCHANGE CONTROL BOARD," calling for the signature of the Board's representative.
4. In view of the important bearings the prospective travel abroad of Japanese technicians, as allowed under the reference memorandum, will have on the reconstruction of Japan in future, as she will take her place among the nations of the world, both economically and culturally, and also in consideration of the necessity of study and recommendations by

specialists in the respective lines concerned, since their travel abroad is likely to have various repercussions, both internally and externally, the Japanese Government has already organized, in the Ministry of Foreign Affairs, the Examination Council for Travel Abroad of Technicians, which represents thirteen government agencies including all Ministries, the Foreign Exchange Control Board, and the Economic Stabilization Board, with a view to ensuring satisfactory execution of the Directive. With regard to the question of the approving government agency, the Examination Council unanimously came to the following conclusions.

a. The contents of contracts of this kind should be examined, from the viewpoint not only of foreign exchange control, but also of the protection of Japanese residents abroad, the promotion of trade, and the fact that "the absence of the technicians from Japan will not be harmful to Japanese cultural and/or economic advancement." Therefore, the Ministry of Foreign Affairs, for the protection of Japanese residents abroad, the Ministry of International Trade and Industry, for the promotion of trade, the Ministry of Finance and the Foreign Exchange Control Board, for the control of foreign exchanges, and the Ministry of Labor, for the improvement of conditions of labor, should take part in all examinations conducted by this Council, with the added participation of the respective Ministry or Ministries concerned, depending upon the particular type of technique involved in individual contracts. The jurisdictions of the respective Ministries over some of the different kinds of techniques are shown below:

General industrial techniques	Ministry of International Trade and Industry
Techniques relating to agriculture, forestry, livestock and aquatic industries	Ministry of Agriculture and Forestry
Transportation techniques, such as those relating to rolling stock, ships, etc.	Ministry of Transportation
Hygienic techniques, such as those relating to medical treatment and medicines	Ministry of Welfare
Techniques relating to construction and public works	Ministry of Construction
Techniques relating to education and cultural matters	Ministry of Education

Unless, therefore, the government agencies as enumerated above jointly examine the contents of individual contracts and advise the Supreme Commander for the Allied Powers accordingly in giving his final validation, satisfactory results cannot be expected.

b. It would be most appropriate that, after the matter has been examined from all possible viewpoints by the Council, contracts of this nature be approved in the name of the Japanese Government and signed by the Ministry of Foreign Affairs on behalf of the Japanese Government. This is felt to be so, firstly, because the Ministry of Foreign Affairs, under Japanese national law, is the government agency charged with the "protection of Japanese nationals abroad and arrangement for foreign travels and emigration" (Cf. Article 3 of the Ministry of Foreign Affairs Establishment Law, Law No. 135 of 1949), and, secondly, because it is considered most proper that the Ministry of Foreign Affairs represent the Ministries concerned of the Japanese Government as a whole from the standpoint of the nation's foreign relations.

5. For the reasons stated above, the Japanese Government desires that the form, "APPROVED FOR: FOREIGN EXCHANGE CONTROL BOARD," calling for the signature of the representative of that Board in the sample model contract, be altered to read "APPROVED FOR: The JAPANESE GOVERNMENT," that thereunder a responsible official of the Ministry of Foreign Affairs sign his name together with his official title, for the Minister for Foreign Affairs, and that Paragraph 11 (VALIDATION) of the contract be amended accordingly.
