G-2, J/L

6 March 1951

1. Request that the Legislation and Opinion Bureau, First Section, of the Japanese Attorney General's Office be directed to inform this office whether or not Japanese nationality was required for the position held by Hiroto ARAMAKI, as described below.

2. Subject was drafted as a civilian employee and served as monitor with the Japanese Fifth Air Force in China from 1943 to 1945, as indicated by the certificate from the Repatriation Relief Agency. It would seem that although the Japanese Government has previously indicated that Japanese nationality was not required for the position of civilian monitor with the Japanese Army, it was necessary to possess Japanese nationality in order to be drafted for service under choyo order. It is requested that this office be informed whether it is considered that Japanese nationality was required of the subject to have been thus employed under such circumstances.

3. Subject was born at Honolulu, T. H., on 25 December 1921, and last came to Japan in September, 1939. His present address is 56 Aoyama Minami-cho 5-chome, Akasaka, Minato Ku, Tokyo. His honseki is at Oaza Tomo, Tomo Mura, Asa-gun, Hiroshima Ken.

4. Request that the Japanese Government return the above named certificate from the Repatriation Relief Agency together with its reply.

DS, Fukuoka Div. G-2/JL 12 Apr 51

1. Reference is check sheet, subject as above, DS Kobe Div to G-2/JL 27 Oct 1949, in reply to which certificates from Japanese Government agencies concerning subject's service in Japanese armed forces, voting in Japanese political elections, possession of Japanese nationality, and employment by the Japanese Government as a teacher in primary and secondary schools were received under cover of memorandum FOM no. 1672(LGR), 14 Dec 1949 from Ministry of Foreign Affairs to this Headquarters.

2. Certificate (copy inclosed for ready reference) of the Minister of Education dated 30 Nov 1949 received as indicated above states that subject individual was a teacher of a (national) primary school from Oct 1945 to Mar 1947, and a teacher of a secondary school from Apr 1947 to Mar 1949. The certificates further states that Japanese nationality was not a prerequisite for employment in positions held by subject.

3. Conflicting opinions have been received from the Japanese Government concerning nationality requirements for various categories of employees in Japanese government offices, including school teachers. In these circumstances it would be appreciated if this office might be informed of the following:

- b. Whether Japanese nationality was at any time during subject's employment required for employment in his position and/or classification; if so, or if such requirement is specifically waived by law, citation of pertinent provision of law is requested.
- c. Whether subject at any time prior to or during such employment took an oath of allegiance to Japan or oath of office in connection with such employment; if so, when, contents of oath, and law or regulation requiring such oath;
- d. (If known) whether persons not possessing Japanese nationality have actually been employed in positions in same classification as subject in Japanese public schools.

4. It is requested that above information be supplied in the form of written statements from competent officials of the Japanese Government, whose signature and official status should be certified by G-2/JL. Tomitaro KASAI.

DS
(Yokohama Divn.)

G-2/JL

26 April 1951

1.

1. The Office of Alien Property has requested information concerning one of the policyholders of the Sun Life Assurance Company of Canada, Tomitaro KASAI, who returned to Japan in April, 1941. The beneficiary is his wife, Ine KASAI, also in Japan, or, if she has predeceased the insured, his estate. The address of the insured and his beneficiary in Japan is unknown but there are inclosed copies of documents in the Japanese language purported to be extracts from the Family Census Register in Japan covering the family to which the insured belongs.

2. Request that this office be furnished information as to the existence and whereabouts of the insured and the beneficiary. If the insured is deceased, request documentary evidence of his death, and if he survived the beneficiary but has since died, request that a duly certified copy of the certificate of his heirship be provided, or if one has not been issued, the names and addresses of his heirs and next of kin.

3. If the beneficiary is deceased, request that documentary evidence of her death be secured, and if she has survived the insured, request that a duly certified copy of a certificate of her heirship be provided or if one has not been issued, the names and addresses of her heirs and next of kin be furnished.

4. It is suggested that certified copies of pertinent Japanese Family census Registers and certificates of residence would appear to be sufficient in this case. Sworn English translations of Japanese-language documents presented in connection with the above case will be prepared by DS (Yokohama) for the use of the Office of Alien Property. Please return the inclosures to DS (Yokohama).

Inclosures:

Extracts of Family Census Register

1. Subject individual, born on March 28, 1918 at Carpenteria, Santa Barbara, California has made application for documentation as an American citizen.

2. Available information indicates that subject individual after coming to Japan from the United States in 1946 as a repatriate acquired Japanese nationality by the process known as "kokuseki kaifuku" on application made August 28, 1946 and approval granted October 4, 1946. Subject's domicile at the time is reported as Kumamoto-ken, Kikuchi-gun, Tsuda-mura, Aza Kubota no. 2050.

3. It is requested that the Attorney General's Office of the Japanese Government ascertain from its records and if appropriate from records at place of domicile indicated above and inform this office whether Masaharu Shimoda has in fact acquired or "reacquired" Japanese nationality since returning to Japan in 1946 and whether he now possesses such nationality. If official records show acquisition of Japanese nationality by subject individual it is requested that the Attorney General's Office furnish the dates of application and approval, the legal domicile of subject at the time, and (if available) whether application was made by subject or by another person for him. It would be appreciated if information furnished by the Attorney General's Office might be in the form of an official written communication signed and sealed by a competent official of the Attorney General's Office.

Reference this office's check sheet of March 15, 1951, subject as above, requesting an authoritative statement from the Japanese Government on certain points of law, particularly with regard to whether findings which are not necessary to support a Japanese court judgment are established by the judgment.

2. Shinichi OHASHI has brought suit against the United States Government in a U.S. Court to have his loss of American citizenship set aside. The Japanese Government's opinion—as to whether the findings of the Tokyo District Court that there was no duress involved in his recovery of Japanese nationality is considered conclusive on this point—is therefore urgently needed for consideration by the U.S. Court.

3. It would be appreciated if an authoritative statement on the subject could be secured from the Japanese Government as soon as possible.

1. Subject individual, born at Millwood, Washington, on July 31, 1921, has applied to this office for documentation as an American citizen. Subject's legal domicile in Japan is No. 730, Kushiro-mura, Kibi-gun, Okayama-ken. He is presently residing at Fukuoka-ken, Moji-shi, Maruyama-cho 1-chome.

2. Subject has informed this office that he entered and served in the Japanese Navy under the following circumstances:

In June 1943 while enrolled at Fukui Technical College passed physical examination for conscription in "Class A". In July 1943 passed physical examination for naval reserve officers' school, at Kanazawa-shi, Ishikawa-ken. October 1943-July 1944 student at navy basic training and aeronautical engineering schools; commissioned Naval Reserve Ensign (shoi) in May 1944. August 1944-August 1945, served as Naval Reserve officer at Oh-mura airfield, Nagasaki-ken, and Sakurajima seaplane unit, Kagoshima-ken. August 1945, promoted to Naval Reserve Lieutenant (jg) (chui), discharged. Returned to duty September 1945 for war termination duties, discharged November 1945.

3. It would be appreciated if the appropriate agency of the Japanese Government would verify from its records subject's service in the former Japanese Navy.

4. Subject has further alleged that upon passing the physical examination for conscription "Class A" he would under regular procedure in 1943 have been automatically classified as an officer candidate and would have been sent to a Japanese Army officer candidate school or training course if he had not volunteered as a navy officer candidate. It is requested that the appropriate Japanese Government agency or officials thereof be asked to confirm or deny subject's statements as to automatic classification of "Class A" conscription examinees as officer candidates, and to state whether entrance into officer candidate schools and courses was in fact on a voluntary basis at the time in question.

5. It would be appreciated if information on these points might be furnished this office in the form of signed and sealed statements from appropriate officials of the Japanese Government. In the case of information requested in paragraph 4, explanation of whether the statement is based on official records or on the personal knowledge of the official making the statements concerning the situation would be appreciated.

DS (Yokohama Division)

G-2/JL

2 May 1951.

1. The Office of Alien Property has requested information concerning one of the policyholders of the Mutual Benefit Life Insurance Company, Shigeji TAJIMA, and his son, Jiro TAJIMA, whose last known address in Japan was 2325 Ishiki-Hayama-machi, Kanagawa-ken.

2. It will be appreciated if DS (Yokohama Division) will be furnished information as to whether these two persons are still living, and if so, their present address. If Shigeji Tajima is dead, request that an authenticated copy of his death certificate and documentary evidence of the survivorship of Jiro Tajima, his son be furnished this office; however, if the son survived the father but has since died, authenticated copies of certificates of his death and of his heirship are needed. If no certificate of his heirship has been issued, please obtain the names and addresses of his heirs and next of kin. In the event that the son died before the father and that the father has since died, request that duly authenticated copies of certificates of his death and of his heirship be secured. If no certificates of his heirship have been issued, please obtain the names and addresses of his heirs and next of kin.

3. It is suggested that certified copies of the pertinent Japanese Family Census Registers and certificates of residence would be very helpful in this case. Sworn English translations of Japanese language documents presented in connection with the above case will be prepared by DS (Yokohama) for the use of the Office of Alien Property.
