C.L.O. NO. 102

October 4, 1945.

It is requested that ten persons as listed in the attached sheet be allowed to embark on the first available vessels which are now being engaged, under the authorization by the Supreme Allied Headquarters, in evacuating disarmed Japanese Forces and other nationals from North China.

These persons, who are directors and executives of various corporations with their main offices or principal places of business in North China, were dispatched to Japan by their companies before the termination of the war. In order to effect the speedy disposal of Japanese properties and their transference to the Allied Powers, it is most desirable that these persons should be enabled to go back to North China as soon as possible. The Japanese Government, therefore, wishes to request that Supreme Allied Headquarters would give favorable consideration to this matter.

SUBJECT: Landing in Formosa of the 400 Japanese in Hongkong.

C.L.O. No.29(5.1)

4 January 1946

1. Among the Japanese Nationals now interned in Hongkong
by the British Authorities there are about 400 who have their
domiciles in Formosa. Communications with their families in
Formosa have been cut for about 12 months, and it is assured
that they are now in great distress, being unable to make necessary
arrangements for repatriation to Japan without the guidance
of the head of the family.

Therefore, these 400 Japanese now in Hongkong earnestly
desire to be sent from Hongkong to Formosa in order to meet their
families and then be repatriated to Japan together with them.

2. In this connection the "Japanese Association" in
Hongkong presented a formal request to the British Major Evill,
Commander of the Stanley Barracks where the Japanese are interned,
to allow those Japanese who have their families in Formosa to
land in Formosa and then be repatriated with their families to
Japan. The same request was made to Mr. T. Kuo De-Hua?, a
diplomatic representative of the Chinese Government. On 17
December 1945 a reply from Major Evill was obtained to the effect
that.

a. the majority of the Formosans in Hongkong will be
repatriated to Formosa by the end of 1945.

b. the rest will be moved to the internment camp of the
Japanese and will be repatriated to Formosa in January,
1946. The passage of the Japanese Nationals desirous of
joining their families in Formosa on the repatriation
boats for the Formosans will be favourably considered.

3. In view of this fact the Japanese Government wishes to
request the General Headquarters to be good enough to use its
good offices with the British and Chinese Authorities so that
the landing in Formosa of the 400 Japanese in question on their
way to Japan may be permitted.

SUBJECT: Information re. ITO Teizaburo, Med. Sgt. Major
TO : Central Liaison Office

1. Some time ago ITO Chiyo, of 880 Minami Tsunashima-machi, Kohoku-ku, Yokohama, enquired of this office regarding her son, ITO Teizaburo, who had last been heard of from New Guinea.
2. Examination of the records in possession of this General Headquarters concerning Japanese prisoners of war still in U.S. hands, failed to indicate that subject person is being held by U.S. forces. Through the Central Liaison Office, Mrs. ITO was so notified.
3. Attached Japanese memorandum from Mr. ITO, submitted to this office, contains additional information regarding ITO Teizaburo. On the basis of this additional information, a further search of records available has been made, with negative results.
4. If ITO Teizaburo should happen to have registered with U.S. Prisoner of War camp authorities under an assumed name, there would be no means of identifying him from our records. However, as you are aware, it is the plan of this headquarters to return to Japan by the end of this year, all Japanese prisoners still in U.S. occupied territory outside Japan, with the exception of war crimes suspects and material witnesses.
5. Request that Mrs. ITO be so notified.
